

ASW65

The ASW 65 has a new, trendy, bended profile. This guarantees excellent reproduction and an extra wide sound dispersal. These loudspeakers are suitable for use outdoors (patio, garden, street...) and of course also indoors (Jacuzzi, sauna, swimming pool, bathroom...). The ASW 65 generates peaks of up to 250 watt.

It will fill every patio with the greatest of ease, no matter how large. It can even transform a swimming pool into a dance palace.
